## GUARDS AND SCOUTS

The Hooded Lanterns are a disciplined and organized group with a strict hierarchy. The rank and file consist of **Hooded Lantern Guards** who are responsible for securing key sites such as *Shepard's Gate* and the *Garrison*, and **Hooded Lantern Scouts** who are tasked with patrolling the ruins and keeping a watchful eye out for danger. All Hooded Lantern members are trained in how to fight effectively in the ruins. They take advantage of the varied terrain that the city offers and will often hide on rooftops or behind other cover, utilizing stealth to create ambushes. They never charge headlong at the enemy but instead fight from a distance and pepper their foes with arrows.

Guards will fight to the death to hold their position unless they receive a command from a higher-up to retreat.

Scouts have received additional *Guerilla Tactics* training. If they seem to be overwhelmed, they will fall back and disperse in multiple directions to avoid being wiped out *en-masse* and continue raining fire on their enemies.

## FACTION ALLIANCES

This material is a summary of the [Drakkenheim Faction Alliance](#) cheat sheet, focusing on just the Hooded Lanterns.

### HOODED LANTERNS ALLIANCE PARTNERS

| Alliance Partner | Difficulty to Establish | Difficulty to Maintain |
|------------------|-------------------------|------------------------|
| Silver Order     | Easy                    | Easy                   |
| Falling Fire     | Easy                    | Hard                   |
| Amethyst Academy | Easy                    | Hard                   |
| Queen's Men      | Temporary Only          | Very Hard              |

### HOODED LANTERNS + SILVER ORDER

**Difficulty:** *Easy* to establish and maintain

#### SHARED IDEALS

**Drakkenheim can be Restored** - we can rebuild this once glorious city. We might have to burn it to the ground first, though.

**Delerium is too Dangerous** - we can't restore our glorious city until Delerium is dealt with.

#### HOODED LANTERN DEMANDS

**Declaration of Intent** - the Lanterns require that the Silver Order formally pledge their intentions and renounce any political designs on the rulership of Westemar

**Military Support** - the Lanterns want access to the manpower and material supplies of the Silver Order

#### SILVER ORDER DEMANDS

**Help in the Battle of Temple Gate** - the Silver Order requires assistance from the elite units of the Hooded Lanterns in acquiring their own foothold in the city

**Free the Cathedral** - the Silver Order requires assistance from the elite units of the Hooded Lanterns in defeating the Lord of the Feast and freeing the Cathedral of St. Vitruvio

#### POTENTIAL CONFLICTS

**Burn it Down** - the Silver Order wishes to destroy all Delerium. As the campaign progresses, all parties should realize how difficult this will be. The Hooded Lanterns will need to accept that Drakkenheim cannot be restored as it once was while Delerium exists. This may necessitate drastic measures to cleanse the city.

#### FACTION RESPONSES

The Amethyst Academy and Falling Fire may team up together to make the Battle of Temple Gate a bloodbath for the Silver Order and Hooded Lanterns, perhaps by luring the Lord of the Feast directly into the battle. The Academy doesn't wish any one faction to become too powerful in the city, and the Falling Fire wants to get access to the Cathedral. The Queen's Men would work to infiltrate the alliance and use it to collect the seals for them, before stealing them.

## HOODED LANTERNS + FALLING FIRE

**Difficulty:** *Easy* to establish as it only requires a small amount of compromise at first. *Hard* to maintain long-term due to disagreements over the future of the city.

### SHARED IDEALS

Protect the Ruins from Outsiders: We cannot allow foreigners and thieves to meddle in the affairs of this city. We must drive out the lawlessness of the Queen's Men and protect our holy city from foreign attack! Retake the Cathedral and Castle: We must recover the Seals and Relics to have a chance of protecting the city. To do so, we must retake the Cathedral of St. Vitruvio and Castle Drakken

### FALLING FIRE DEMANDS

**Protection** for defenseless pilgrims against Queen's Men harassment and Silver Order attacks.

**Legitimacy** - the monarch or heir apparent must support the Falling Fire.

**Conversion** of Hooded Lanterns will go a long way to building trust with the Falling Fire.

### HOODED LANTERNS DEMANDS

**Find the Heir:** The Hooded Lanterns will ask Lucretia Matthias to use her unsurpassed divination abilities to locate the rightful heir.

**Support of the Faith:** The Hooded Lanterns will ask for healing, aid, purge contamination, resurrection of key soldiers, and other support to keep the troops fresh, morale high, and fight off the effects of contamination.

### POTENTIAL CONFLICTS

**Delerium Sales (Short)** - the Hooded Lanterns rely to some degree on sales of harvested Delerium, or Delerium tariffs, to fund operations. The Falling Fire will not approve of these sales. The PCs will need to secure alternative funding for the Hooded Lanterns.

**Future of the City (Long)** - the Hooded Lanterns want to rebuild the city, while the Falling Fire wants it to remain a holy site for pilgrimages. The PCs will need to work hard to create a long-term compromise, or the alliance is doomed in the long term

### FACTION RESPONSES

The Silver Order will drive a wedge in the alliance by threatening to blockade the city and offering to help the Hooded Lanterns retake the Cathedral in the Battle of Temple Gate if they abandon the Falling Fire. The Amethyst Academy and Queen's Men will pit the alliance in a head-to-head conflict with the Silver Order to weaken all sides and pursue their own objectives.

## HOODED LANTERNS + ACADEMY

**Difficulty:** *Easy* to establish in the short term but *Hard* to maintain in the long term because the Academy doesn't have a long-term interest in restoring Drakkenheim.

### SHARED IDEALS

**Delerium is a Resource** - The Hooded Lanterns need funding, and the Academy has resources. Together, we can make things happen.

### HOODED LANTERN DEMANDS

**Financial Support** - the Lanterns demand material support for their hefty expenses **Potions** - the Lanterns require healing potions, and especially aqua expurgo once available

### AMETHYST ACADEMY DEMANDS

**Retake the Tower** - the Academy demands assistance from elite lantern scouts to secure staging grounds within the city and assist them in retaking the tower

### POTENTIAL CONFLICTS

**Future of the City (Long)** - the Amethyst Academy doesn't have a long-term stake in restoring Drakkenheim as they essentially view it as a Delerium mine that they should have exclusive rights to. The PCs would need to work to change the Academy's goals, which should be difficult. This tension has been playing out quite a bit in the Fate of Drakkenheim livestream.

### FACTION RESPONSES

The Silver Order would push for the Hooded Lanterns to drop the Amethyst Academy and work with them to cleanse the city so that it can be remade. If that fails, the Silver Order would threaten to blockade the Lantern's supply routes and cut them off. The Queen of Thieves would attempt to infiltrate the alliance and utilize it to gather the seals for her, so she just needs to steal them. The Falling Fire would try to convert the Hooded Lanterns to their cause.

## HOODED LANTERNS + QUEEN'S MEN

At the start of the campaign, these two factions are in a cold war. The most likely reason for these two to ally would be in response to the Silver Order attempting to burn down the city. But that would be a temporary alliance of convenience and would break apart shortly.

It's possible that the Queen of Thieves could be seen as the rightful (or possibly only viable) heir. This could lead to the Hooded Lanterns supporting the heir.

## IMPROBABLE ALLIANCES

Some alliances seem almost impossible to establish at the start of the campaign due to fundamental incompatibilities in beliefs. It would be very difficult for these factions to proactively work together.

There are some situations where an alliance of these factions could occur:

- As a temporary response against a powerful PC-led alliance
- PCs take over the faction and replace its leadership structure
- PCs re-engineer the core beliefs or goals of the factions somehow
- PCs infiltrate the faction as "puppet-masters"
- PCs dismantle the faction and absorb the pieces into their own

In most of these cases, the alliance wouldn't really be about negotiating and compromise, but instead would focus on taking down a shared threat. It would break down shortly afterwards.
